

September 14, 2020

Great news! All nursing home residents and staff were all negative in last week's COVID-19 testing. Our last results posted very early this morning.

We will test again on Wednesday and Thursday of this week. If all our results are negative again, we will reopen outdoor visits and beauty salon visits for our nursing home residents.

More good news....our beautician Tammy, can now serve both Forest Glen and the Shepherd's Inn residents. Tammy already started back at the Glenn last Friday. One more piece of normalcy returning for our folks!

Please continue to pray for Good Shepherd and our nation.
